# Project Report

# Important Feedback

- Initially the project was selected from ACT to have 3 months duration.
- The Grão de Areia Institute managed to make the project have the double period with the same investment / support.
- With the financial support sent by ACT and MDS, our Institute provide to the benefited entity Botafogo Beach Soccer:
  - 40 new bibs
  - 20 new balls
  - Different training materials

## Highlights:

- Wellness
- Improved Motivation
- improved Engagement
- Improvement in Technical Support and Socio-emotional actions
- Best Performances:
  - **A teenager was selected to play in the Brazilian Beach Soccer Team (Under-20 years)**

Training Material  
Double Face Bibs

# Training Material Balls / Cones / Markers

# What about the next 12 months ?

. Include in our project:

- Women Team
- Deaf Beach Soccer project

Our proposal :

. Continue supporting the youth categories from U15 to U20

. Continue the partnership with Botafogo Beach Soccer

# Women Beach Soccer

- Today Botafogo is the most organized team in women beach soccer, including a special time for the development of young girls that in the future will be join their first team.
- Today , the Botafogo Women project has around 25 girls playing beach soccer in Copacabana Beach.

# Deaf Beach Soccer Project

---

Botafogo Beach Soccer is one of the pioneering teams to work with deaf players on the beach. The project began two years ago and today has around 20 participants, but it has great potential for development and growth.

What is missing for this happens ???

The support of companies that believe that through the sport we can create great opportunities for social inclusion.
